Things That Rock

I got my period today and it wasn't completely humiliating. No white pants or people seeing and making fun of me, except the taking a dump thing with dumb Serena. Luckily she only told two of her friends who held their noses when I walked by at lunch. Whatever.

JM talked to me like I was his age, not some middle school peon. Chris was making stupid faces behind Jeff to try to embarrass me but I ignored him, mature girl who had her period that I am. Jeff asked to listen to my Nano and said I had good taste in music. I told him I had good taste in a lot of things. I couldn't believe I said that. Me, Erin P Swift, flirting with a high school sophomore.

Must be the period thing.

He grinned and said he did too. Then he got a text and was back and forth with someone and had to leave.

Things That Really Annoy Me

Chris told me I made a fool out of myself with Jeff. I did NOT. I know I didn't.
